PROJECTS

Honey Hole - React Web-Based App [LIVE](#) | [REPO](#) 2023

- Developed a **React** web-based project aimed at assisting South Florida residents in discovering ideal fishing spots.
- Utilized **MongoDB** as the database and implemented **Express**, **Node.js**, and **JavaScript** for functionality. Implemented full **CRUD** operations and designed a **RESTful API**.
- Employed multiple components to enhance the overall functionality and user interface of the application.

Boca Code Hackathon - React Web-Based App [LIVE](#) 2023

- Collaborated in a hackathon to revamp the candidates section of a website, incorporating a Q&A section, project links, and an introduction feature. Implemented these enhancements to improve user engagement and provide comprehensive information about the candidates.

Lunch Spot - React Native Mobile App [REPO](#) 2023

- Developed a React Native mobile app for finding local restaurants, integrating API calls and Google reviews.
- Implemented stack and swipe navigation and a user friendly interface to optimize performance.

WORK EXPERIENCE

UX/UI MERN Developer Internship

Boca Raton, FL

Boca Code

June 2023 – Present

- **UX/UI** focused. Creating a portfolio with graphic novels for anime using Generative **AI** images and building with **Tailwind CSS**, **Javascript**, and **Next JS**.
- Collaborating in an **Agile/Scrum** methodology with weekly stand-up meetings with a team of **10+** engineers.
- Translating **Figma** mockups into interactive and responsive web applications, ensuring seamless user experience.

Prestige Electric

Parkland, FL

Field Electrician/Technician

June 2022 – Mar 2023

- Leading the lighting team of **4+** electricians to wire and install high-tech stair lighting and entertainment systems at renowned nightclubs like **DAER** at the **Guitar Hotel**. Project worth **\$50,000** and completed within budget.
- Oversaw installation of energy-efficient LED lighting systems in **40+** houses with a team of four electricians per project, achieving completion within **8** months and generating **\$200,000** in revenue for the business.
- Effectively communicated with clients to resolve conflicts and collect payments for completed projects, resulting in high levels of customer satisfaction and repeat business.

International Brotherhood of Electrical Workers

Palm Beach County, FL

Field Electrician/Technician

June 2021 – June 2022

- Collaborated with my team of **7+** and contributed to multi-million dollar projects by installing custom-built lighting fixtures ranging between **\$10,000** and **\$80,000**
- Managed and led a team of electricians on a series of underground electrical projects for over **25+** homes, installing over **300+** fixtures.
